CAPS-approved Catalogue

Welcome

At Pearson, we believe that learner performance can be improved when both teachers and learners are equipped with quality learning resources filled with relevant and engaging content.

We are proud to present our Grades 1 – 3 CAPS-approved catalogue of titles from Maskew Miller Longman, Heinemann and Pearson. Explore our range of textbooks, teacher's guides, big books, readers and phonic programmes, designed to help your learners make progress through this important foundational phase in their learning journey.

To support you in the classroom, we continue our strong tradition of excellence in teacher training. These teacher-training workshops are run across the country by our dedicated and passionate team of trainers whom are trained teachers. If you require more information about our workshops, please contact your local Pearson office.

Wishing you all the best for the year ahead.

About Pearson

At Pearson, home of Maskew Miller Longman and Heinemann, we're here to help people make progress in their lives through learning.

Learning isn't a destination, starting and stopping at the classroom door. It's a never-ending road of discovery, challenge, inspiration, and wonder.

For many people, learning is the route to a job to support their family or the skills to help them progress in their career. For others, it's simply a passion for discovery.

Whether it's in the classroom, at home, or in the workplace, learning is the key to improving our life chances.

That's why, at Pearson, we provide trusted CAPS-approved textbooks, digital and supplementary resources, services and support, and professional development

courses, to make learning more engaging and effective.

We create content in all 11 official languages and have a footprint in all 9 provinces. Our unique insight and local expertise comes from our long history of working closely with the Department of Education, teachers, learners, researchers, authors and thought leaders.

We have a clear and simple set of values – in everything we do, we inspire to be brave, imaginative, decent and accountable. These values describe what is important to all of us, and guide us to do what is right for the world around us.

Every day all over South Africa, our products and services help learning flourish. Because wherever learning flourishes, so do people.

Our strategic partners

Our dedication to creating positive social impact shapes everything we do, from our products and strategies to the way we engage with our millions of learners, partners, and communities around the world.

We are fortunate to have found B-BBEE partners who share our passion and commitment to education and will enable us to continue to positively impact many thousands of learners across South Africa.

Sphere Holdings is excited to be part of an enterprise whose key focus is on improving knowledge and education in South Africa. The relationship with Pearson South Africa aligns this imperative with their passion for delivering meaningful interventions for change.

Sphere Holdings (Pty) Ltd

- Itumeleng Kgaboesele
- Marang Denalane

Sphere Holdings was founded in 2003 and has a transformative business model that creates wealth that uplifts by putting real money back into the community with a focus on education. Since inception, about 14% of Sphere has been owned by four community charities with a focus on education.

Pearson Marang Education Trust

Through research, engagement and development at the coalface of education, the school and the classroom, the Pearson Marang Education Trust has focused on best practice as an approach to improving the quality of teaching, learning and school management in South Africa. The Trust brings deep knowledge of school improvement and performance into this dynamic partnership.

“

We look forward to working with Pearson to adapt their unparalleled global education expertise, content and services to meet the needs of South African learners, teachers, education departments and schools.

”

Marang Denalane, Sphere director and Pearson SA board member

The challenge for education is not just about providing access, but also ensuring progress.

For Pearson, providing great products and services is just the beginning. It's important for us to know that they are working. Everything we do is driven by its measurable impact on learning outcomes. ***We call this efficacy.***

In 2013, we announced our commitment to report publicly on our progress and make the results transparent. We were the first education company to make this commitment.

By focusing on the efficacy of our products and services, we can see exactly how effective they are at producing successful

outcomes for learners. This involves continually measuring, assessing, and improving everything we do and putting the learner at the heart of our learning solutions. By questioning everything, we ensure that we're always delivering better results.

We work with educators and learners to continually improve our products and services, ensuring they have the most positive impact on learning. In this way, we're able to deliver better education to more people – whatever, whenever, wherever, and however they choose.

Read some of our efficacy reports to learn more about our products and their impact on pearson.com or classroomsolutions.co.za

For us, the future's already begun

It's a future full of powerful challenges and exciting opportunities. While we're dedicated to making change happen, we're well aware that we can't do it alone.

So we collaborate with employers, teachers and educational experts, entrepreneurs, and other organisations to gain in-depth global perspectives and develop pioneering ideas that will help solve the many educational challenges facing the world.

Working with you enables us to make even bigger changes happen as we collaborate to address some of the biggest education challenges.

One of our initiatives is ***Project Literacy***, a campaign to bring the power of words to everyone so that by 2030, every child born can grow up to be a literate adult. Learn more at projectliteracy.com

Our dedication to creating positive social impact shapes everything we do, from our products and strategies to the way we engage with our millions of learners, partners, and communities around the world.

Platinum Lewensvaardighede Graad 1 Leerderboek

“

The *Platinum* books are rich in content, user-friendly and make planning easier.

I like the assessment and revision questions at the end of each chapter. The learners can relate to the content in *Platinum* by looking at the pictures.

It uses South African examples, the language is accessible and there are clear instructions. The learners have grown in confidence and the marks are improving slowly but surely.

Core resources: Readers and Big Books

Readers and Big Books

- Fiction and non-fiction Readers are carefully levelled according to a detailed gradient.
- Real stories introduce controlled vocabulary while still following natural language patterns that are familiar to children.
- All readers are available in Big Book format for use during Shared Reading.
- Additional pre- and post-questions on the back cover encourage engagement and reading comprehension.

Each Reader begins with an introduction featuring pre-reading questions.

The New Words table helps you introduce new words before you begin the story, so that learners focus on how the words are used in context and not on the words in isolation.

Introducing the story

Look at the cover. Page through the book. Look at the pictures on all the pages. Think about these questions before you read the story:

1. Read the title on the front cover.
2. Answer the following questions:
 - a) Who can you see on the cover?
 - b) Where is she?
 - c) Why do you think she is at Lisa's school?
 - d) Do you think Lisa will be pleased to see Diva at her school?
 - e) What do you think this story is about?

The storylines and language structures increase gradually in complexity from one level to the next.

Vuma English FAL Level 5 Reader

Core resources: Workbooks

Workbooks

- Each workbook has a collection of worksheets that provide focused and engaging activities related to the Readers.
- Workbooks cover a variety of literacy tasks, including reading, writing, drawing, vocabulary development, sentence structure, phonemic awareness and phonics.

Worksheet from an English FAL Level 1 Workbook

It is easy for learners to find the correct worksheet.

Instructions are short, clear and easy to find.

Fun artwork provides many opportunities for learners to colour in and practise fine motor skills.

The pages are designed to ensure learners have enough space to practise handwriting.

Worksheet from a Sepedi HL Level 1 Workbook

Core resources: Teachers Guides

Teacher's Guide

A user-friendly reference that covers what you need to know, including:

- how to teach reading
- how to manage your reading programme in the CAPS environment
- planning and assessment tools
- tips, additional ideas and resources to enhance your reading lessons.

The Summary of skills table provides you with a summary of the activities and skills that are the focus of your lessons.

This list of resources helps you prepare for teaching the lessons linked to the Reader.

Suggested activities, answers to pre- and post questions and teaching tips make it easy to prepare interesting and focused lessons.

Level 1 Book 1 Hello!

Lesson Plan: Hello!

Neo meets Kabelo and his dog, Newton, while he is waiting for his dad who is shopping. Later, Neo's dad and Kabelo's mom arrive.
Characters featured: Neo, Kabelo
Related themes: greetings, good manners
Lessons for minimum time allocation: lessons 1 and 5

Lesson skills' summary

| Lesson | Type of activity | Skills focus | New words |
|--------|----------------------------------|---|---|
| 1 | Group guided reading | prediction, interpretation of pictures, connecting text to own experience, decoding, making meaning | Content words: hello, goodbye Character names: Neo |
| 2 | Activity related to reading text | interpretive drawing, word recognition, writing own name, handwriting practice | |
| 3 | Fluency reading | word recognition, making meaning, fluency | |
| 4 | Activity related to reading text | word recognition, using words in context, handwriting practice | |
| 5 | Activity related to reading text | interpretive drawing, emergent writing, using a word appropriately in context | |

What you need

- Level 1 Book 1: Hello
- Workbook pages 4-5
- Flash cards for new words (hello, goodbye, Neo)
- Profile posters of Kabelo, Neo and Newton
- Pencils
- Crayons
- A4 paper

Lesson 1: Group guided reading Duration: 15 minutes

Introduction

1. Use the learners' home language to introduce the story characters to them. Show them the **profile posters** of the characters and read them the character information on each one. Translate it into their home language, where necessary.
2. Go through the activities on the inside of the front cover to introduce the story to the learners.
3. Introduce the new words in the story to the learners by showing them the **flash cards** and reading each word. Translate these words into the learners' home language for them.

Suggested activities

Pre-reading

1. Read the title on the front cover to the learners. Discuss how you say "Hello" in their home languages.
2. Invite the learners to look closely at the picture on the cover. Ask them what they think the boy is doing.
3. Talk about the situations in which we say "hello" to people. For example, we say hello when we see our friends at school, when we arrive home from school, when people visit our homes.

Suggested answers

1. This will depend on the learners' home language/s. For example: Hello, Molo, Sawubona.
2. He is waving at someone.
3. Learners' answers will vary but could include, for example, when learners arrive at school and see a friend; when a visitor arrives at your home.

44 Lesson plans
