Kagiso Readers series is also available in other South African languages: IsiNdebele, IsiXhosa, Sepedi, Setswana, Siswati, Tshivenda and Xitsonga. The series is not CAPS-approved for these languages but they are CAPS-aligned.

Kagiso Readers series

A colourful and beautifully illustrated, graded reading scheme for the Foundation Phase.

The **Kagiso Readers** series can be used to support reading skills and as a complete literacy learning programme. It enables learners to develop literacy skills incrementally and with confidence. Each reader uses the vocabulary that was used in the previous book in the series and adds a few new words.

The series integrates reading with other aspects of language, thus developing listening, speaking, writing, thinking and reasoning skills, as well as structure and usage.

Components of Kagiso Readers series

Readers engage learners and motivate them to read. They are beautifully illustrated and the stories present a range of situations and contexts authentically. Readers 1 to 7 in each language may be used for Grade R and for Grade 1 learners.

Reader Workbooks include activities to give learners further reading practice to ensure that they develop essential reading skills.

Teacher's Guides provide guidelines for activities that develop literacy learning outcomes and assessment standards. It highlights learning outcomes and assessment standards for each activity and provides suggestions for continuous assessment.

Big Books enable shared reading and can be used to facilitate group reading in the classroom.
